

INI-0031-D

REMARKS

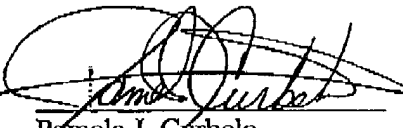

The Examiner has required restriction pursuant to 35 U.S.C. §121. The Examiner contends that the application contains claims directed to the following patentably distinct species of the claimed invention: Figures 1 - 13e and 24 - 29; Figures 14 - 16 and 24 - 29; Figures 17 and 24 - 29; Figures 18 and 24 - 29; Figures 19a and 24 - 29; Figures 19b and 24 - 29; Figures 20 and 24 - 29; Figures 21 and 24 - 29; Figures 22 and 24 - 29; and Figures 23 - 29. The Examiner admits that at least Claim 1 is generic. Pursuant to MPEP §806.05(c) and 35 U.S.C. §121 the Examiner requires restriction between the disclosed species and identification of the claims readable thereon.

The above Restriction is the same restriction as received in the parent case. The claims in this divisional application do not include claims to all of the above figures; the claims covering the above figures were separated into five applications. The claims of the present application are directed to Figures 1 - 13e and 24 - 29, hence, no restriction is needed. However, in accordance with 35 U.S.C. §121, Applicants hereby elect Figures 1 - 13e and 24 - 29; Claims 1 - 24.

If there are any charges with respect to this Restriction Requirement, or otherwise, they may be charged to Deposit Account No. 06-1130.

Respectfully submitted,
